Points the way forward. Even when stationary. The Audi A5 Coupé unites sportiness and elegance. And is setting new standards out on the road with its progressiveness, aesthetics and athleticism. From the front end, with optional Audi Matrix LED headlights, through to the sharper shoulder line, the powerful wheel arches and the elegant third brake light. A sight that puts performance centre stage. With every single line.

The Audi A5 Coupé.
Perceptibly powerful, incredibly efficient: the TFSI and TDI engines in the Audi A5 Coupé. Experience unique performance and lower emissions. And with the optional quattro all-wheel drive, power is delivered even more effectively to the road. For more dynamism, more traction, more agility and fewer compromises.

Impressive performance. Impressive fuel economy, too.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
The optional Matrix LED headlights make progress visible with high-precision, individually controllable light-emitting diodes that adapt to road situations. Whether for the dipped or high beam, or for the cornering, country road, motorway or all-weather lighting functions, light adaption is fully automatic and controlled by the camera. The light signature of the LED daytime running lights gives the car an unmistakable daytime presence. As do the dynamic indicators in the LED rear lights. An innovation whose aesthetic appeal is equally trailblazing.

Lights up the darkness.
And the road.
Where innovations take shape: the interior.

Turn your ideas into reality in the interior of the new A5. From the seats and the optional leather steering wheel in 3-spoke design with multifunction plus, to the contour/ambient lighting package and the inlays. Every detail is made from high-quality materials and has a captivating first-class finish. For a unique look that is bound to turn heads.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
Perpetual progress: with the optional Audi virtual cockpit. The fully digital instrument cluster is as versatile as it is innovative. Navigation, telephone, music, Audi connect services and information from assistance systems – the large 12.3-inch LCD screen presents everything in razor-sharp detail. And in doing so, opens a whole new chapter in infotainment.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
Demonstrates strength. Without moving an inch.

Sportiness at its best, Progressiveness at its purist. That’s the Audi S5 Coupé. From the distinctive bumpers and special radiator grille with twin blades, to the aerodynamically optimised aluminium-look exterior mirrors and the S5 badge on the side trim – every detail has been sharpened. The standard LED headlights and 18-inch cast aluminium wheels lend the car an unmistakable presence – and are just two of the many highlights that radiate exceptional dynamism.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
You cannot stop progress. Especially when it has 260 kW of power.

The Audi S5 Coupé doesn’t accept boundaries. It pushes them. The 3.0 litre V6 TFSI engine with exhaust turbocharger unleashes 260 kW of power. It takes just 4.7 seconds for the S5 to pass the 100 km/h mark. Impressive performance. And impressive traction too. The standard quattro all-wheel drive makes the car even more agile and safer. And the 8-speed tiptronic enhances dynamic performance and comfort. Whilst also reducing fuel consumption.
Enthralling at lightning speed: the sporty interior.

The interior of the Audi S5 Coupé is proof of just how comfortable sportiness can be: with the optional S sport seats with diamond pattern, S embossing and pneumatic massage function. New standards are being defined when it comes to individuality, too. The optional contour/ambient lighting package enables you to set the interior lighting to your own personal preferences. And make an impressive show of the entire interior. Every detail is chosen by you. To ensure everyone’s eyes light up.
The new Audi A5 Sportback is functionality in its most progressive form. With its more sharply defined design, a refined suspension, powerful engines and innovative assistance systems, it is turning progress into a whole new experience. Yet again.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
Top marks for progressiveness.
Impressive all along the line.

The curved side lines and the powerful wheel arches create the perfect setting for the optional, 19-inch cast aluminium wheels and lend expression to the standard quattro all-wheel drive. The flowing silhouette and crisp lines express an elegant sportiness and hint at the power of the engine concealed beneath the bonnet. With their higher power output and lower emissions, the TDI and TFSI engines are compelling performers. And surpass almost all expectations when it comes to driving pleasure.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
Impressive sportiness.
With driver assistance.

The boldly sculpted rear with subtle spoiler edge and the diffuser ensure a sporty presence. And the numerous driver assistant systems help you to reach your destination safely, comfortably and efficiently. If you wish, your vehicle can be equipped with a predictive efficiency assistant, adaptive cruise control Stop&Go including congestion assist, park assist and camera-based traffic sign recognition. The latest technologies are there to assist you in many different situations. So that you can concentrate on what’s important: driving pleasure.
Drive like you are under open skies.  
Feel like you are on cloud nine.

The optional panoramic sun roof opens up whole new vistas at the push of a button and creates a bright interior flooded with light. Using the central locking, you can open the roof even before you get in. And close it after you get out: the progressive concept is a perfect match for the sporty, elegant lines of the A5. And always shows you in the best light.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
No one knows what the future holds. But we know what it looks like.

A wealth of functions in view and within reach: thanks to the optional Audi MMI navigation plus with MMI touch, 3D map display and Audi connect. The intuitive Audi voice control system literally listens on the driver’s every word. And with the optional Audi tablet, you have access to radio, media, navigation, and car functions both inside and outside the vehicle. Easy, fast, intuitive. And an impressive 3D sound of the optional Bang & Olufsen Sound System. Why not turn your Audi into a concert hall? And make every journey worthy of an encore.

Audi tablet – superb entertainment in excellent picture quality on the 10.1-inch touchscreen.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment. The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
Sportiness raised to a higher power: that is the new Audi S5 Sportback. The S-specific bumpers and twin tailpipes in chrome lend visual expression to its performance. The LED rear lights with dynamic indicators emphasize the athletic body line. They immediately make it clear which direction you wish to take. And will make a lasting impression on anyone who sees them, even after the S5 Sportback has disappeared from sight.

The new Audi S5 Sportback.
Out of the blocks.
With a show of power.

First impressions are formed almost instantly. Even sooner in the case of the high-performance V6 TFSI engine capable of generating 260 kW of power and 500 Nm of torque. It reaches the 100 km/h mark in just 4.7 seconds. And confirms what the imposing radiator grille, optional 19-inch cast aluminium wheels and aluminium-look exterior mirrors are already saying: this athlete is on top form.
More exceptional.

With A5 design and Audi design selection.

In the new Audi A5, there is plenty of scope for your own ideas. The A5 design line allows you to create distinctive accents that reflect your personality. Make an exceptional vehicle even more exceptional. And do so in style with the Audi design selection, which offers an attractive range of special materials and finishes for the interior. Choose your preferred combination of selection, inlays with exquisite leather seats featuring attractive contrasting stitching.

Audi design selection – exterior elements: artificial leather painted in fine Nappa leather in Arras red with contrasting stitching and piping in granite grey; also available in rock grey with contrasting stitching and piping in wapiti brown, or in Atlas beige or cedar brown each with contrasting stitching and piping in granite grey; leather steering wheel in 3-spoke design with multifunction plus – inlays optionally in oak, natural grey.

Many additional highlights can be found at www.audi.com.

**Explanatory notes**

1. Refit the separate AdBlue®³ tank as indicated by the information in the instrument cluster display. We recommend having the AdBlue tank refilled by your Audi partner.

2. The figure given was calculated using the specified measuring procedure (current version of UN-R 85). The figures may differ depending on the selected transmission type.

3. Refill the separate AdBlue®³ tank as indicated by the information in the instrument cluster display. We recommend having the AdBlue tank refilled by your Audi partner.

4. The figures refer to trailer towing hitch for commercial purposes; a digital tachograph may be required under certain conditions.

5. The figures given were calculated using the specified measuring procedure. The figures do not refer to one vehicle and do not form part of any offer, but rather should be used purely for purposes of comparison between the different vehicle models.

6. Fuel consumption and CO₂ emission figures given in ranges depend on the tyre/wheel sets used.

7. Regulated.

8. We recommend using sulphur-free super unleaded RON 95 fuel complying with DIN EN 228. If this is not available, use unleaded RON 91 regular fuel complying with DIN EN 228: 2012; years of model output will be slightly reduced. Unleaded RON 91 fuel has a maximum alcohol content of 10 % (E10) and can generally be used. For cars that consume unleaded RON 91 fuel complying with DIN EN 228: 2012, we recommend sulphur-free diesel complying with DIN EN 590.

9. We recommend using sulphur-free diesel complying with DIN EN 590. If this is not available, use diesel complying with DIN EN 590: 2012; years of model output will be slightly reduced. Diesel complying with DIN EN 590: 2012 has a maximum sulphur content of 0.005 %, which is significantly lower than that of normal diesel fuel.

10. A vehicle's fuel consumption and CO₂ emissions do not just depend on how efficiently the vehicle uses the fuel, but are also influenced by driving behaviour and other non-technical factors. CO₂ is the greenhouse gas primarily responsible for global warming.

11. Figures in square brackets refer to S tronic/tiptronic automatic transmissions. Explanation of ¹ to ¹⁷ on page 57.

12. In conjunction with low rolling-resistance tyres.

13. In conjunction with low rolling-resistance tyres, the maximum permissible speed is 210 km/h.

14. In conjunction with low rolling-resistance tyres and a top speed of 210 km/h.

15. You will find specifications on the technical characteristics of tyres in this page.

16. Please note the special information relating to wheels on this page.

17. Registered trademark of the Verband der Automobilindustrie e.V. (VDA).

The models and equipment versions illustrated and described in this brochure and some of the services listed are not available in all countries. Some of the cars illustrated are equipped with optional features for which an extra charge is made. Details concerning the delivery specifications, appearance, performance, dimensions and weights, fuel consumption and running costs of the vehicle were correct to the best of our knowledge at the time of going to press. Deviations from the colours and shapes shown in the illustrations may occur. No liability is accepted for errors and printing errors. The right to introduce modifications is reserved. Not to be reproduced, including in part, without the written approval of AUDI AG.

This brochure is printed on paper made from pulp bleached without the use of chlorine.
